- Problem Solving
- Optimistic

### TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- MySQL
- Node.js
- NPM
- AWS
- APIs
- Terminal
- Bootstrap
- JSON

---

### EDUCATION

#### Bachelor of Art, Sociology

2013 – 2019

California State University of Los Angeles, Los Angeles

I obtain a degree in Sociology from California State University of Los Angeles in 2019. The main benefit of learning sociology is that I will glean a great understanding of the complex and often confusing nature of man as an individual and as a collective. The results from studies into the societal behavior of people will enable me better to build and design my work in web-development.

---

### WORK EXPERIENCE

#### Receiving Associate/Planning

June, 2017 – Present

#### Accurate Steel Treating, Inc., South Gate

- Answer and respond to customer inquiries, requirements and needs. Provide excellent service to customers. Receive and unload merchandise from trucks. Verify documents and reports in accordance to the unloaded merchandise. Perform and execute functions relating to merchandise preparation, staging and outbound shipments. Monitor all inventory orders, using the documented data on orders to analyze supply and demand and make inventory projections. Create purchase orders. Operate task's as a machine operator (furnaces) and ability to read blueprints.
-

**Under Armour, Commerce**

- Greeted customers, responded to questions, improved engagement with merchandise and provided outstanding customer service.

---
